WE DEDICATE

THIS BOOK . . . .

Sarah Callagee gave herself without stint to generations of Dunkirk children for more than 50 years. When you stop and think about it, the majority of people now living in Dunkirk, as well as many who have moved away, probably came under her influence at one time or another. And all of them benefited.

When she retired after 50 years in a public school career as elementary teacher, principal and supervisor, she "retired" right back to her first love—teaching children to read or to read better. In the last months before her unexpected death she worked with the staff of the Boorady Memorial Reading Center.

Miss Callagee began her teaching career in North Bergen, N.J., in 1916 and two years later became an elementary teacher at former Dunkirk School 2.

Miss Callagee taught classes at School 4 and the junior high school and served four years as elementary school music supervisor.

For nine years, Miss Callagee worked in the dual role of principal of former School 1 and supervisor of elementary education. She became full-time elementary supervisor in 1963 and supervised the city's first Head-Start program in 1965.

Much more could be written about her, but in keeping with her own inherent modesty, we would like to honor "Miss Sadie" merely by saying "thank you" to her and dedicating this book to her memory.

PUPIL PERSONNEL SERVICES

Pupil Personnel Services are by nature supportive services which assist administrators, teachers and students in receiving the full potential of the educational program. Within the framework of any good educational program there must be provided some means to aid students who are having difficulty. Thus, the five services which are considered most helpful are a) attendance services, b) health services, c) psychological services, d) guidance services, and e) services to handicapped children.

Each of these five services requires the work of different qualified people all working as a team. The team is made up of the following personnel:

- Attendance: One Supervisor and One Counselor
- Health: One Physician
  - Three School-Nurse Teachers
  - One Dental Hygienist
- Psychological: One School Psychologist
- Guidance: One Guidance Director
  - Two Senior High Counselors
  - One Junior High Counselor
- Handicapped: Three teachers of mentally retarded
  - Three teacher aids
  - One Speech Therapist

All of these services are coordinated by the Pupil Personnel Director.

SENIORS
The class of '67 began its most important year with the election of the class officers. Under the leadership of Mr. Krawczyk the class began its whirl of activities in November—building their float and nominating queen candidates. Denise Odell was chosen queen and reigned over the homecoming activities. On January 21st, the Seniors enjoyed their class party which was called "Swedish Holiday." In March the Seniors presented their play entitled, "My Sister Eileen." The play was a great success thanks to the hard work of the cast and the expert direction of Mr. Albert Samuel. The class of '67 is looking forward to their prom in June and finally graduation.

For the Seniors these past four years have been filled with work, play, a few heartaches, but mostly happy, memorable events. We thank all the other classes, and the faculty for adding to our pleasures and with this we bid a sad farewell.

TOP TWENTY

This year the Ivy Tower pays tribute to those seniors who academically led their class. The following students have distinguished themselves by maintaining honor averages throughout four years of high school. They are the upper percentile of their class—the twenty highest over-all high school averages.

James Pawlak, Diane Rzepkowski, Edward Kroll.
A total of seven seniors brought honors to their class by winning New York State Regents Scholarships.

Holders of these scholarships not only distinguished themselves intellectually, but also will be entitled to an annual award of $250 to $700, depending on financial need, for each of four years of his college course while attending any college in the state of New York approved by the Regents committee for this purpose. In addition, scholarship winners may be eligible to receive incentive awards of $100 to $300, up to the cost of tuition.

UNDERCLASSMEN
The Junior class began a very active year with the election of class officers: John Scott, President; David Greenleaf, Vice-President; Paul Parker, Secretary; Caroline Gittings, Treasurer.

The homecoming proved to be worthwhile for a number of juniors. This class produced the winning float for the parade. The queen, Cindy Pett, and her escort, David Greenleaf, rode on the float.

The Junior class party was held on February 25. The theme was "Moonlight and Roses." It proved to be an enjoyable night for all who attended.

The Junior play, Arsenic and Old Lace, was fun for all who took part. This was the first time that the Junior class has had a play at D.H.S. in a number of years.

The Prom proved to be the highlight of this school year. Everyone who attended had a wonderful evening and it will be remembered by all.

The Juniors eagerly look forward to their final year at D.H.S.

JUNIORS

The class of '69 started the year by discovering that their second year in high school was more difficult than their first year, but they quickly adjusted to the flurry of school activities and studies.

The first important function was the election of class officers. Tom Muzacz was elected president; Marianne Bender, Vice-President; Mary Jane DiPietro, Secretary; and Cathy Petz, Treasurer.

An important social event in the early part of the year was the election of Linda Kujawa as queen, to represent the Sophomore class during the homecoming weekend. Our class advisor, Mr. Shubert, gave invaluable help in planning the highlight of the year, the Sophomore class party held on February 18. The decorations and the lighting effects followed a theme of "Japanese Gardens."

Following a successful and satisfying year, the Sophomores eagerly anticipate their Junior year.

The Class of '70 under the advisorship of Mr. Colicchia started working hard early in November on a float for homecoming. The theme was "Moon River." Lynne Callis was chosen to represent our class as part of the queen's court in the program.

February 4th was the night of the Freshman Party which turned out to be a big success with the theme, "Three Coins in a Fountain." After a good start this year our class hopes to have bigger and better plans next year.

SPQR
(LATIN CLUB)
The Theta Psi Omicron Chapter of the National Honor Society, under the direction of Jack Anderson, is probably the most admired organization in Dunkirk High School. It has four chief objectives—character, scholarship, leadership and service. These objectives are strived for by all students who belong to this organization.

In the fall of the year calling cards were sold to all seniors. The profits of this activity will aid us in the financing of the Pearl A. Reed scholarship which this club gives annually to a worthy senior. The Honor Society also provided ushers for the Miss Dunkirk-Fredonia Pageant and donated money to the Student Council sponsored Peace Corps School.

AFS EXCHANGE PROGRAM

"Walk together, talk together, all ye people of the earth; then, and only then shall ye have peace."

I have had a very wonderful year here in Dunkirk. I will never forget all the good times we have had together and all the nice friends I have made. It is always very sad to say good-bye but I am saying it hoping to come back to see you again.

Thank you very much for the wonderful things you have done for me. I am especially grateful to my American family and friends, to Dunkirk High School, and to the American Field Service for this my most marvelous year. Remember you always have a friend in Sweden.

Many work areas of both semi-skilled and skilled jobs are explored during the school year as each of the students studies the usual academic subjects at appropriate grade levels. Project work including woodwork, homemaking and related areas is carried out in the room and supplemented by outside experiences.
