Foreword

I look to the sea
Reflections in the waves
Spark my memory
Some happy, some sad
I think of childhood friends
And the dreams we had.

As our high school days draw to a close, we realize that we have learned much more than purely academic knowledge. From our teachers and friends we have learned how to think and to communicate with others. But we have also learned how to cope with ourselves and our environment. The microcosm of Dunkirk High School has resulted in experiences that have enabled us to mature and become well-rounded citizens. In the final analysis our high school education has been a multifaceted experience and a preparation for any tasks we may encounter in the future.

Ashurni Sehgal

Salutatorian

It has been said that an individual's high school years are perhaps the most critical years he or she will ever know. It is a period of great change, both mentally and physically. New experiences and challenges arise every day which compel us to broaden our horizons so that we may have the necessary knowledge and courage to confront and conquer the problems of tomorrow. High school also provides a medium through which we make the transition from the innocence of childhood to the sometimes harsh realities of maturity. Our four years here at Dunkirk High School have played a crucial role in our development as creative, thinking people in control of our own destinies. Now it is our responsibility to create for all mankind a future bright with promise.

Fond memory brings the light
Of other days around me;
The smiles and the tears,
Of our high school years.
Do not follow where the path may lead,  
Go, instead, where there is no path  
and leave a trail.

For mem'ry has painted this perfect day
With colors that never fade,
And we find at the end of a perfect day
The soul of a friend we've made.

Carrie Jacobs Bond
The ocean brought me peace,
The wind gave me energy,
The sun warmed my spirit,
The flowers showed my life,
but you made me feel love.

Susan Polis Schultz
A friend is a person with whom I may be sincere. Before him I may think aloud.

Though we travel the world over
to find the beautiful,
We must carry it with us
or we will find it not.

FOUR YEARS AGO

Seniors

Four years ago we entered Dunkirk
With hopes, and fears, and dreams.
And we gazed with awe at its bigness
And we fashioned childish schemes.

We built, as we dreamed, with blocks of time
Foundations firm and strong.
And we played and we worked from day to
day,
And made friends as we went along.

Each day we learned a little more,
And the bonds between us grew.
We were part of the place, and it part of us.
And we learned to be loyal and true.

Now that we've reached the night of our stay,
We can look at the four years gone,
As years well spent, with friends well made,
And turn with a smile to the dawn.
In Memoriam

All to myself I think of you,
Think of the things we used to do,
Think of the things we used to say,
Think of each happy, bygone day.
Sometimes I sigh, and sometimes I smile,
But I keep each olden, golden while
All to myself.

At times in the past, graduating classes have felt that one of their classmates had so distinguished himself that he deserved recognition beyond the usual “Senior Superlative.” The Class of 1978 feels they also have such a classmate.

Heading this year’s graduating class with an outstanding overall average of 99.06, the highest average ever achieved at D.H.S., is Ashwini Sehgal.

“Ash” has brought many honors to our school. Along with being a Regents Scholarship winner, he has also received a National Merit letter of Commendation. Upon taking the College Board Exams he earned a perfect score of 800 in Math. Perfect scores were also achieved in Math and Physics.

Last summer Ashwini was chosen to be a part of a select group of students from the Eastern United States to attend Roswell Park Memorial Cancer Research Center to partake in a research project ordinarily reserved for the nation’s leading college students.

The highest score ever recorded by a DHS student on the challenging Mathematical Association of America test was a 58%. It was recorded by Ashwini when he was an underclassman. This year our “special superlative” topped his old record with a score of 117% and was given national recognition.

Not content with academic achievements, Ashwini has been an active participant in school life. He was a member of the Cross Country team, DHS Boys’ Tennis team, the Photo Club, the Citizen, and competed in High School Bowl. His was a major role in the success of this year’s “It’s Academic” team. Especially interested in the School’s computer terminal, he actually assembled a microcomputer of his own.

It is a privilege to have had Ashwini Sehgal as a classmate and the Ivy Tower staff feels honored to recognize his contribution to our class.

Allison Czarnecki, Class of '78, was selected from the list of candidates. Allison traveled to Brasilia, Brazil where she spent her summer with the Macedo family. Her three months in South America proved to be a rewarding experience for Allison and she returned with a new insight into the lives of those living in a culture so different from our own.

This year Senior Heide Kunz has been in Uerikon, Switzerland participating in the “Youth for Understanding” Exchange Program. She is pictured with her host family the Habeggers. Heidi, attending the State School of Zurich in Wetzikon, will return to the United States in July.

Every Sunday afternoon 12:15 to 1 o'clock during the school year, the Broadcast Journalism students of Dunkirk High School aired “High School Highlights” on Radio Station WDOE in Dunkirk. Winner of the broadcast competition at the 1977 Press Day at St. Bonaventure University, the student program featured the news and sports from five other Northern Chautauqua County schools in addition to D.H.S. They include Fredonia, Cardinal Mindszent, Silver Creek, Forestville, and Brocton.

The weekly radio program also featured special interview guests on the “DHA Contact” segment and today’s popular music.

Program Manager Steve Maziarz and Sports Director Phil Begier provided the student leadership for the “Highlights” organization this year and anchored the program most of the 1977-78 school year as well. Mr. Richard Valvo, who instituted the Broadcast Journalism course at D.H.S. three years ago, is the faculty advisor.

Farewell

What will become of what is today?
Will it be forgotten and just be packed away?
Old friends and memories what was once true,
New acquaintances and dreams hidden in hue.
Of what was, and what will be,
Which will prove faithful to serve our best means!
